**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please support broadband competition and do not allow price hikes.

Please do the right thing to support small and local businesses which are the mainstay and critical foundation of the American economy.

My Local ISP provides me with important internet access at a price I can afford. Moreover, my local ISP supports me in a way that is relevant to my community.

Please help to maintain healthy competition in the economy which is vital to our country and communities. Allowing concentration in any one area of our communication infrastructure is both bad for the economy and society in the long run.

A voting citizen.
